RECOVERY

For Beauty & Appearance

Recovery, our most advanced product, is abundant in S²RM® molecules and acts as a power boost to naturally return the skin to a healthy and radiant state. Recovery is powerful yet safe for daily use and speeds the healing of even the most damaged skin. Recovery also speeds the healing process and reduces post treatment inflammation and irritation with any anti-aging procedure including chemical peels, laser resurfacing, and micro-needling.

For Traumatized Skin

For chronic and traumatized skin conditions, Recovery delivers molecules and other nutrients that are naturally abundant in healthy skin. Simple topical application of Recovery is used to reduce irritation and speed the healing process of radiation, chemo and laser burns, as well as post surgery scar tissue. In addition, shingles, cold sores, and superficial wounds caused by accidents, bed sores, and diabetic ulcers will benefit from the use of Recovery.

HOW RECOVERY WORKS FOR YOUR BODY

Most of the healing processes in our skin and other tissues of the body depend on a variety of stem cell types. To heal the body, each stem cell type releases a multitude of molecules. The unique set of molecules from each stem cell type work together synergistically to induce maintenance and healing. Recovery is a potent serum developed using a patented, naturally produced exosome-based (nanotechnology) that protects and delivers the multitude of molecules to damaged tissue.

Who We Are

NeoGenesis is in the business of providing skin and hair products that enhance people's lives. With a core emphasis on serving oncology patients, our products are completely safe, yet highly effective for everyone.

NeoGenesis skin and hair care products return to the adult those nutrients once created in abundance during our youth, but that have diminished with aging. We deliver those nutrients in a way that works with and mimics your body's natural processes.

Learn more about our innovative line of skincare, hair and lash/brow products through your sales professional or visit the NeoGenesis website: neogenesis.com.

S²RM®

S²RM® is a patented exosome-based delivery system using the most advanced science. Explore the science behind this next generation of stem cell technology: neogenesis.com/science.

COMMUNITY

We invite you to join our expanding network of communities that will focus on serving the oncology patient and their families. Four out of ten people in the U.S. have cancer. There is much we can do to reduce the pain and improve the quality of life for those going through treatments. Join our network of people that care about people through our website: neogenesis.com/community.

S²RM®
The next generation of adult stem cell technology
Recovery uses multiple types of stem cells normally involved in maintaining the healthy state and the regeneration processes in skin, quickly helping to reduce irritation and facilitate the healing process.

RECOVERY:
- Hastens and augments the natural healing process of skin
- Helps to reduce pain and inflammation
- Diminishes post-procedure redness of skin
- Impedes scar formation
- Reduces post-procedure downtime
- Improves the efficacy of surgical and laser procedures
- Helps heal difficult conditions such as eczema, psoriasis, acne, and rosacea
- Reduces pore size

Recovery is physician-tested in clinics, and has been shown to be highly effective in augmenting the procedures performed by your health care provider. Using the latest in stem cell science and technology, Recovery works in unison with the body to mimic and enhance your natural healing mechanisms without the introduction of foreign chemicals and their related side effects.

For Optimal Results:
Apply Recovery as directed by your skin care professional.
For External Use Only.

Ingredients:
Human Fibroblast Conditioned Media, Human Stem Cell Conditioned Media, Hydroxyethylcellulose, Deionized Water, Dehydroacetic Acid and Benzyl Alcohol.

REAL PATIENT RESULTS

Eczema
I suffered with eczema for over 20 years. I thought for sure I would never be able to wear shorts or a dress. I tried everything available but with no effect. I cannot say enough wonderful things about this serum! It has literally changed my quality of life!

Acne & Acne Scars
My acne was painful and really inhibited me in public gatherings. When I saw the results my friend got with your product, I decided to give it a try. I am so glad I did. I feel beautiful and confident now.

Wound Repair
I had a rough bike accident that removed significant skin from my right elbow and caused minor abrasions on my left hand. I used Recovery only on my most difficult scrapes. Within 3 weeks my worst scrapes were completely healed with only minor scarring, while the minor abrasions were still at the scabbing stage. This product should be in every emergency room in the country!

Fraxel Laser Burn
I had a rough bike accident that removed significant skin from my right elbow and caused minor abrasions on my left hand. I used Recovery only on my most difficult scrapes. Within 3 weeks my worst scrapes were completely healed with only minor scarring, while the minor abrasions were still at the scabbing stage. This product should be in every emergency room in the country!
