HYDRATION

SPECIALTIES

Glide Gel

NeoGenesis Glide Gel is a highly effective conductive gel for use in the treatment room or at home. It allows for an easy glide for all devices that require a conductive gel and is the perfect vehicle for delivering companion ingredients when used with other products.

BENEFITS:

- Safe ingredients for all skin types
- Provides maximum conductivity for microcurrent
- The perfect vehicle to deliver companion ingredients into the skin

Body Cream

NeoGenesis Body Cream is a luxurious, deeply hydrating, and anti-aging formula created for the body. The **Body Cream** helps to repair and restore the skin barrier as the S²RM[®] molecules penetrate the skin's surface which helps to heal damage in the deeper layers of the skin.

BENEFITS:

- Rejuvenates the skin, improving the barrier
- Provides added moisture for a more youthful appearance
- Protects the skin from the environment

Enzyme Crème Mask

NeoGenesis Enzyme Crème Mask is a gentle, creamy, fruit enzyme exfoliant that refines, brightens, and clarifies the skin. **Enzyme Crème Mask** contains Niacinamide, an important skin ingredient that improves skin barrier function, reduces oil build up, and provides anti-inflammatory activity to soothe irritated skin.

BENEFITS:

- Provides energy and radiance to the skin
- Gently resurfaces the skin, minimizes surface lines
- Improves the overall tone and texture of the skin

Hair Thickening Serum

NeoGenesis Hair Thickening Serum contains S²RM®, our patented exosome-based system that delivers stem cell released molecules from three adult stem cell types to hair follicles to produce noticeable cosmetic benefits. This potent combination of growth factors and other signaling molecules offers a non-invasive alternative, or complement, to conventional treatments by harnessing your body's own naturally occurring regenerative mechanisms to make your hair look and feel healthy and strong in as little as eight to ten weeks.

BENEFITS:

- Helps to increase hair thickness
- Helps restore natural hair color
- Makes the hair more manageable
- Increases the luster of the hair

NeoLash & NeoBrow

NeoGenesis NeoLash and **NeoBrow Serums** are designed for those who desire longer, thicker, and overall healthier looking lashes and brows. They are the first serums to utilize S²RM® technology, our patented exosome-based system that delivers stem cell released molecules from three adult stem cell types to hair follicles to produce noticeable cosmetic benefits. This potent combination of growth factors and other signaling molecules offers a non-invasive alternative, or complement, to conventional treatments to make your lashes and brows look and feel healthy and strong in as little as six to eight weeks.

BENEFITS:

- Helps to restore the healthy condition of lashes and brows
- Helps restore natural hair color
- Safe to use on both upper and lower lashes
- Will not darken eyelids or change iris pigmentation

Who We Are

NeoGenesis is in the business of providing skin and hair products that enhance people's lives. Our products are safe and effective on all skin types and all skin conditions.

NeoGenesis skin and hair care products return to the skin and hair those nutrients once created in abundance during our youth, but that have diminished with aging. We deliver those nutrients in a way that works with and mimics your body's natural processes.
